

## [UPDATED] LETTER FROM THE CHAIRS

Dear comrades,

We are Chris Baik, Junho Son, and Bennie Ko, who will be serving as your student officers for the 1962 Soviet: Cuban Missile Crisis Committee. We are excited to provide the experience of a joint crisis committee, where the committee will proceed alongside with the American EXCOMM Committee about the same issue. The Cold War has left an everlasting impact in the modern days, and directly or indirectly, we live in the shadows of this period. The Cuban Missile Crisis is often referenced as the 'peak' of the Cold War, and it is still analyzed today as a landmark case of how political conflicts escalate and dissolve. In this committee, all of you will be able to further knowledge in this critically important and interesting era of human history. We all anticipate to see how this period of fear and intensity comes alive -- once again in the conference room. It is on you delegates to rewrite the history of mankind. With that being said, we will be looking forward to seeing you in March.

Yours sincerely,

Chris Baik, Junho Son, and Bennie Ko
