

[UPDATED] LETTER FROM THE CHAIRS

Greetings delegates,

We are Eunice Lee, Stella Yeom, and EunJu Seo, from North London Collegiate School Jeju. It is our greatest pleasure to serve you as chairs of the United Nations Security Council in GECMUN VII.

As delegates of the Security Council, you will be discussing measures to alleviate the longstanding violence amidst the Israel-Palestine conflict. Throughout the conference, the chairs will work to help you engage in active debates with fellow delegates and devise resolutions entertaining the matter in hand. The committee is expected to meet two requirements: to make decisions that will assure prompt and effective action for international peace and security and to obtain support from the greater UN membership for such decisions to be carried out. Ensuring transparency, efficiency, and inclusiveness will be essential for the productive functioning of UNSC.

In order to yield effective and practical solutions, we highly recommend that all delegates acquire sufficient background knowledge on the topic and boldly engage in all forms of debate. When researching for the conference, try to make efficient use of reliable online and offline resources such as the CIA World Factbook, government statistics, journal articles. The chair report should be your firsthand guidebook for a broad understanding of the agenda and country stances.

If you have any further questions about the procedure or topic, please feel free to contact us at any time. We look forward to meeting you at the conference.

Kind regards,

Eunice Lee (yewlee22@pupils.nlcsjeju.kr)

Stella Yeom (hnyeom22@pupils.nlcsjeju.kr)

EunJu Seo (eseo23@pupils.nlcsjeju.kr)
